Re: Continuing the Life of the Mind Lecture Series with Dr. Pedro Greer

The Life of the Mind Lecture Series is pleased to present a lecture by Dr. Greer on the business of medicine as it intersects with today’s social challenges. I hope you will join us at this intellectually stimulating event:

For over thirty years Dr. Joe Greer has combined social activism with the practice of medicine. He founded the Camillus Health Concern, a private charity sponsored by the Little Brothers of the Good Shepherd, which delivers healthcare to thousands of homeless individuals in Miami-Dade County, and the St. John Bosco Clinic, which serves disadvantaged people in Little Havana. In 2009, he was awarded the Presidential Medal of Freedom. His talk will focus on the conjunction of economics, ethics, and healthcare.

Dr. Pedro José Greer
Chair of the Department of Humanities, Health and Society, College of Medicine, Florida International University

January 23rd, 2013
7 p.m.
Green Library, Room 220

The event is free and open to the public.
