Classroom Experience

• Classroom layout or available seating will be adjusted to accommodate physical distancing measures.

• Even if teaching face to face, it is prudent to set up course content and assignments in Canvas in the event of a return to remote.

Zoom-Enabled Classrooms

• If faculty choose to use the self-managed limited-service Zoom options, this would replace peripheral technologies such as the document camera. This option also does not receive live support from Media Operations.

• Faculty could broadcast lectures via Zoom to students while stationed at the Podium
Hybrid Variations

**Hybrid Rotation:**

Rotate groups of students in the classroom on different days

**Hybrid Flex with Zoom or Course Capture:**

Students receive instruction synchronously whether in the classroom or via Zoom or Course Capture

Course Capture can also be delivered asynchronously

Remote Teach Ready Badge Feedback

Dear Academic Continuity team,
Thank you for a wonderful first day of the workshop. I am an experienced Canvas user and learned quite a bit during this workshop. All the presenters were fantastic and we learned so much it was hard to keep up sometimes. Thank god for the breakout sessions with an ID who was so willing to help out!

Good Morning!
The badges are beautifully designed, thank you! I hope you and your loved ones remain safe and well.

Thank you!! I will proudly present my Remote Teach Ready badge.
Stay safe and be well!

I received and competed the e-mail.

May I wholeheartedly congratulate you on a most efficient and valuable process.

Not only is it internal to FIU, but it is also posted externally on LinkedIn.

The service is unparalleled and deserves the highest kudos for supporting Faculty in a simple and effective manner.
